Heloise Hint: Subprime Auto Lending
There's a new trend in car financing, which is called specialty financing. This makes it easier for some credit-risk customers to get car loans. In 1991 there were 25 subprime lending companies and today there are around 170! auto dealers can inform the 40 percent of consumers who don't qualify for auto loans with conventional banks about these financing firms.
Send your car story to Heloise, PO Box 795000, San Antonio Tx 78279-5000.
